Notice of Intent for Waiver of General Permit for Discharges from Small Municipal Separate Storm Sewer Systems – MS4's

5/1/18

Part I General Information

1. MS4 Community Name: Milton Township Highway Department
2. MS4 Mailing Address: _____
 Street: 23w040 Poss St.
 City: Glen Ellyn State: Illinois
 Zip Code: 60137
3. Contact Person: Gary Muehlfelt
4. Telephone: (630) - (682) - (4270)

Part II MS4 Data

5. Area of Land that drains to your MS4 in square miles: 35
6. Population within municipal boundary: 22,373
 Source: Current U.S. Census Other (Specify) _____

Part III

The items listed below explain the criteria that must be met in order to be considered:

- a. If your community serves a population of less than 1,000 the following criteria must be met:
 - i. The MS4 system is not contributing substantially to the pollutant loadings of a physically interconnected MS4 that is regulated by the NPDES storm water program.
 - ii. If the MS4 system, requesting a waiver, discharges any pollutant(s) that have been identified as a cause of impairment of any water body to which you discharge and it has been determined that storm water controls are not needed based on waste load allocations that are part of an EPA approved or established "total maximum daily load" (TMDL) that addresses the pollutants(s) of concern.
- b. If your community serves a population greater than 1,000 but less than 10,000 the following criteria must be met:
 - i. The permitting agency has evaluated all waters of the U.S., including small streams, tributaries, lakes, and ponds, that receive a discharge from your MS4.
 - ii. It has been determined that storm water controls are not needed based on waste load allocations that are part of an EPA approved or established TMDL that addresses the pollutant(s) of concern or, if a TMDL has not been developed or approved, an equivalent analysis that determines sources and allocations for the pollutant(s) of concern:

- iii. The pollutant(s) of concern include biochemical oxygen demand (BOD), sediment or a parameter that addresses sediment (such as total suspended solids, turbidity, or siltation), pathogens, oil and grease, and any pollutant that has been identified as a cause of impairment of any water body that will receive a discharge from the MS4.
- iv. The IEPA has determined that future discharges from the MS4 do not have the potential to result in exceedances of water quality standards, including impairment of designated uses, or other significant water quality impacts, including habitat and biological impacts.

7. Please document either in the space below or with attached information how the MS4 meets the specified criteria (with the exception of B(iv) for communities greater than 1,000 but less than 10,000)

Milton Township has partnered with DuPage County (Permit No. ILR400502) to develop and implement
a storm water management program. DuPage County continues to implement a number of control
measures on behalf of Milton Township Highway Department

8. List the names of known receiving waters for the MS4: (use additional sheets if necessary)

| l. | |

9. Name of person responsible for the submission of the MS4 General Permit Waiver Request:

Name: Gary Muehlfelt

Title: Highway Commissioner

Phone: 630-682-4270

Part IV: Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, it is to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for knowingly submitting false information, including the possibility of fines and imprisonment.

Any person who knowingly makes false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offence after conviction is a Class 3 felony (415 ILCS 5/44 (h))
